## 1950-51 SEASON

### Price List for the Trade Only

We solicit your orders for citrus and deciduous trees. Years of experience enable us to grow trees which we believe to be unexcelled.

Our Southern Grown trees are proven varieties and will give equal satisfaction in all localities. However, we believe retail nurserymen, particularly in Southern California and other warm sections, will find them superior to imported stock.

Our locally grown trees tend to leaf out later than imported ones, thus assuring the retailer of a longer selling season. This in turn reduces losses from replacements and unsold trees, and lessens customers' complaints.

The greatest care is exercised in the selection of our budwood and every precaution taken to produce and deliver varieties true to name.

The prices quoted are intended primarily for retail nurserymen who require many varieties for resale to customers desiring home orchards.

### TERMS

Terms are one-fourth cash upon accepting order, and the rest when the buyer receives order.

Free delivery, upon request, to any point within 125 miles of Norwalk.

We will ship anywhere. Packing charged for at cost; all shipments at buyer's risk. The buyer must pay the cost of the shipping.

All prices subject to change without notice.

### GUARANTEE

The Orange County Nursery, Inc., exercises the utmost care to keep all its varieties true to name. However, every sale is made subject to the condition that should any stock sold by it prove to be untrue to name, the liability of the Orange County Nursery, Inc., shall be limited to the sum actually received by it for such stock, and in no event shall it be liable for any greater amount.

---

## DECIDUOUS FRUIT
